

## REPORT ON REMEDIAL COACHING

(Period 2022-2023)

This institute conduct Remedial Coaching classes for those students who are slow learners. Special emphasis is given to those students who could not pass particular subject as well as those who would like to improve their performance in certain courses. The main purpose of Remedial Coaching classes is to bring the slow learners to the level of advanced learners.

The Cell for Remedial Coaching makes necessary arrangements for classes for various departments. Mainly the slow learners and the students who could not pass certain subjects are selected for such classes to fulfil their needs.

In order to reduce the dropout rate and failure a cell for Remedial Coaching was established in the college in the year 2012 with financial assistance from UGC with the objective of organizing Remedial Coaching at the Under-Graduate level. The UGC grant has been discontinued at present moment although remedial classes are been conducted by all departments for greater interest of the student's benefit.

Objectives of Remedial classes:

- ✓ To strengthen the knowledge, skills and attitudes in such subjects, where quantitative and qualitative techniques are involved, so that necessary guidance and training can be provided to enable the students to pursue higher studies efficiently.
- ✓ To prepare slower students for competitive exams.

The college makes every effort to develop all round performances of the students that may prove beneficial for their academic and professional needs. Since the students admitted to the institution come from diverse backgrounds, therefore teachers personally interact and try to help them to adapt to changes in a graceful manner. So, in this context it is quite important that students should be mentored properly. The faculty members try their level best to help the students to clarify different aspects of curriculum. They constantly encourage students to come forward with their ideas at all stages of development. At all stages, the students are motivated to expand their skills. Through sharing of experience and expertise the faculty members help the students to develop their academic and professional activities.

All the departments of the institution viz. Chemistry, Physics, Mathematics, Zoology, Botany, Geography, Statistics, Economics, Education, Political Science, Philosophy, Hindi, Assamese, Sanskrit, Bengali, Arabic, English, History, Commerce and Computer Science take their classes for respective subjects to improve the slow learners. The students enrolled for remedial coaching are classified into some groups depending on the total numbers of students in each honours course. The number of students in each group consists of not more than 15 students.

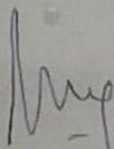

- ✓ After the completion of the regular teaching hours of the college, remedial coaching classes are taken on working days.
- ✓ The classes are completed before the commencement of the end semester examinations.
- ✓ After a regular interval of classes, examinations are conducted to assess the improvement of the students.

- ✓ Model question papers are solved with the students by the concern subject teachers to clear their doubts.

The name of various departments who have taken remedial coaching classes and the number of students benefitted.
