### Call for Papers

The Organizing Committee of the International Conference on Sustainable Environment, Energy and Biosciences (ICSEEB-2026) invites original research contributions, technical papers, and reviews that align with the conference themes. We welcome submissions from academia, research institutions and industry that highlight interdisciplinary advancements, innovations, and applications in the fields of sustainable energy and biosciences. All submissions will be peer-reviewed. Accepted full papers will be published in the conference proceedings with an ISBN and may be considered for Springer/Scopus volumes or Journal special issues depending on quality and relevance.

### Abstract Submission

Abstract: Max 300 words for oral/poster presentation  
Last date of Submission: 31/12/2025  
Submission Link: [icseeb2026abstract@gmail.com]

### Poster Presentation

Poster Size: A0 (Portrait: 841 mm × 1189 mm)  
Content: Title, authors, affiliations, key objectives, methods, results, and conclusions  
Presenters must be available during designated poster session hours for Q&A  
Best Poster Awards will be announced at the closing ceremony

### Full Paper Submission

Full Paper: Max 6,000 words (including references, figures, tables)  
All full papers should be prepared using the official conference template (Word or LaTeX), which includes the following sections:

### Paper Structure

Title, Author(s) and Affiliation(s), Abstract (max 300 words), Keywords (3–5), Introduction, Materials and Methods/Methodology, Results and Discussion, Conclusion, References (APA/IEEE format recommended)

### Formatting

Font: Times New Roman, 12 pt, Line Spacing: 1.5, Margins: 1 inch (all sides), Figures and Tables: Numbered with appropriate captions, Length: Maximum 6,000 words

### Format

## Scope of the conference

The International Conference on Sustainable Environment, Energy and Biosciences (ICSEEB-2026) aims to bring together researchers, academicians, industry leaders, environmentalists, and policymakers to explore innovative solutions at the intersection of renewable energy technologies and biological sciences. As India emerges as a global player in the energy and life science sectors, ICSEEB-2026 provides a vital platform to foster collaboration and knowledge exchange toward achieving sustainable development goals. The conference will feature keynote sessions by renowned scientists, discussions on cutting-edge advancements such as microbial fuel cells, algae-based biofuels, bio-refineries, and genetically engineered organisms for clean energy production. By addressing global challenges like energy security, environmental degradation, and climate change, ICSEEB-2026 seeks to inspire transformative ideas, promote interdisciplinary research, and pave the way for a greener, more resilient future.

## Theme of the Conference

### Track 1: Climate Change, Biodiversity, and Environmental Policy

- Air Pollution and Waste Management
- Climate Change and Environmental Impact
- Environmental issues and challenges
- Sustainable technologies for environmental management
- Forest Ecology and Biodiversity Conservation
- Geospatial technologies for environment sustainability

### Track 2: Renewable Energy Technologies & Carbon Neutrality

- Physical, Chemical & Mathematical Sciences
- Renewable Energy Technologies
- Photovoltaic Technology & Solar Cells
- Biomass conversion & Biopolymers
- Innovative Energy Materials and Technologies
- Modelling and Simulation of Energy devices
- AI and Machine Learning

### Track 3: Biotechnology and Biosciences for Sustainable Development

- Biotechnology, Bioinformatics & Nanotechnology
- Plant & Animal Science
- Food Processing Technology
- Soil Science and Agricultural Sciences
- Microbiology and Immunology
- Pharmacology and Health Sciences

## About the College

Established on 7th September 1959, Anandaram Dhekial Phookan College (ADP College), located in Nagaon, Assam, was founded in memory of the great Assamese litterateur Anandaram Dhekial Phookan, following a resolution of the Assam Sahitya Sabha in 1958. Affiliated to Gauhati University, the college offers diverse undergraduate and postgraduate programmes in Arts, Science, and Commerce. Strengthening its academic and research foundation, ADP College is supported by prestigious agencies such as the Department of Biotechnology (DBT), Department of Science and Technology (DST), Government of India, and the Assam Science Technology and Environment Council (ASTEC), Government of Assam. With ongoing projects under initiatives like the DBT Star College Scheme, the institution continues to promote quality education, scientific research, and innovation for sustainable development.
